Borderless MedDev

Medical Device Regulatory Experts

Accelerating Access to Medical Innovations for Patients Worldwide

CERTIFICATE OF CONFORMANCE

MagnaWave, LLC

2208 Plantside Drive
Louisville, Kentucky 40299 USA

Product Name: Semi 10

Certifying Body: Borderless MedDev, LLC, Maple Grove, Minnesota USA

Testing Facility: ARkival Technology Corporation, Nashua, New Hampshire USA

Borderless MedDev, LLC is a medical device regulatory and quality consulting firm. Its team brings decades of industry experience in FDA submissions and market access, quality management systems under FDA QMSR, ISO 13485 and MDSAP, and contributions to international standards development, including IEC 60601-1. ARkival Technology Corporation is a firm specializing in magnetics, including precision magnetic measurements and field characterization against NIST standards.

Borderless MedDev, LLC certifies that it has reviewed all data from ARkival Technology Corporation regarding the above-listed product. Based on that review, the product with the Large Loop and Wings Loop accessories was tested and found to be below the 100 mT (1000 Gauss) threshold utilizing the industry standard RMS average method.

Scott Blomberg
Chief Scientific Officer, Borderless MedDev, LLC
Issue Date: 19 October 2026

**This certificate is based on Borderless MedDev's review of test data generated by ARkival Technology Corporation on a representative sample of the product named above. It confirms only that the tested sample met the stated threshold at the time of test. It does not constitute an assessment of ongoing production, nor approval of the manufacturing process or facility. The holder may use this certificate as evidence of conformity, as stated above, with the authority of Borderless MedDev, LLC.*
